

AISI Customized Wall Thickness Stainless Steel Welded Pipe EN10217-

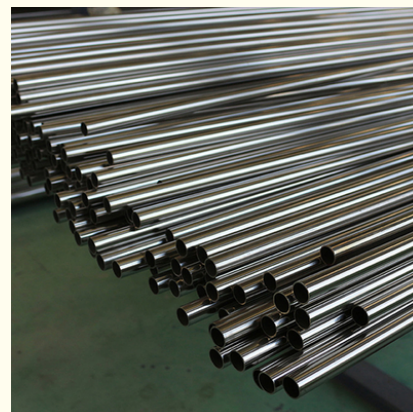

7

Our Product Introduction

more products please visit us on stainless-steelsheetcoil.com

Basic Information

- Place of Origin: wuxi
- Brand Name: tai-steel
- Certification: ISO, SGS, BV, Etc.
- Model Number: 304、304L、316、430
- Minimum Order Quantity: 5-T
- Price: 2900\$
- Delivery Time: 15 working days

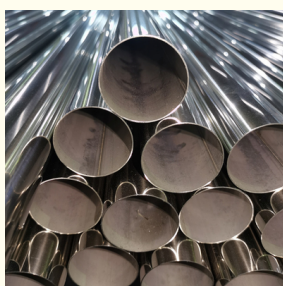

Product Specification

- Standard: ASTM, AISI, DIN, EN, GB, JIS, Etc.
- Ends: Plain, Beveled, Threaded, Etc.
- MOQ: 2 Ton
- Welding Line Type: ERW, LSAW, SSAW, Etc.
- Material: Stainless Steel
- Edge Treatment: Beveled, Plain, Etc.
- Type: Welded Pipe
- Highlight: **stainless steel welded pipe, EN10217-7 stainless steel welded pipe**

Product Description

Product Description:

Stainless Steel Welded Pipe is an essential product for industries and projects. It is composed of stainless steel and processed by welding and cutting processes. The type of welding can be customized according to customer requirements. The edge treatment has beveled, plain and other options. The material used is stainless steel which has excellent corrosion resistance and heat resistance. The outer diameter and length of the stainless steel welded pipe can be customized according to customer needs. In addition, it can also be customized according to different needs such as thickness, wall thickness, and surface treatment.

Features:

Product Name: Stainless Steel Welded Pipe

Certification: ISO, SGS, BV, Etc.

Edge Treatment: Beveled, Plain, Etc.

Application: Fluid Pipe, Structure Pipe, Etc.

Outer Diameter: Customized

Material: Stainless Steel

Special Feature: Stainless steel welded steel pipe, welded stainless steel round pipe, welded stainless pipe for sale

Applications:

Tai-steel stainless steel welded pipe is one of the most versatile and useful products on the market. Made from high-quality stainless steel and welded in line with industry standards, it is designed to meet the needs of a wide range of applications. The welded stainless steel round pipe is certified by ISO, SGS, BV and other certification organizations, so you can be sure of its quality. The minimum order quantity is 5-T and the price is 2900\$. Delivery time is 15 working days. It can be used for fluid pipe, structure pipe and other purposes. The material is stainless steel and the welding line type includes ERW, LSAW, SSAW, etc. It meets the standards of ASTM, AISI, DIN, EN, GB, JIS and other relevant standards.

Technical Parameters:

Parameter	Value
Thickness	Customized
Welding Line Type	ERW, LSAW, SSAW, Etc.
Type	Welded Pipe
Standard	ASTM, AISI, DIN, EN, GB, JIS, Etc.
Edge Treatment	Beveled, Plain, Etc.
Length	Customized
Wall Thickness	Customized
Surface Treatment	Polished
MOQ	2 Ton
Ends	Plain, Beveled, Threaded, Etc.

Customization:

Customized Stainless Steel Welded Pipe

Brand Name: Tai-Steel

Model Number: 304,304L,316,430

Place of Origin: China

Certification: ISO9001

Minimum Order Quantity: 5-T

Price: 2900\$

Delivery Time: 15 working days

Standard: ASTM, AISI, DIN, EN, GB, JIS, Etc.

Outer Diameter: Customized

Thickness: Customized

Type: Welded Pipe

Surface Treatment: Polished

Tai-Steel provides high-quality custom-made stainless steel welded pipe, welded stainless steel round pipe, welded stainless steel round pipe with ISO9001 certification. The MOQ is 5-T, and the price is 2900\$. The delivery time is 15 working days. The standards include ASTM, AISI, DIN, EN, GB, JIS, Etc., and the outer diameter and thickness can be customized. The surface treatment is polished.

Support and Services:

We provide technical support and services for Stainless Steel Welded Pipe. Our services include:

[Assistance with product selection and configuration](#)

[Installation and commissioning assistance](#)

[Inspection and testing of welded pipe](#)

[Maintenance and repair services](#)

[Replacement parts and consumables](#)
